

Lighting Switch Guide

Studio Nagoya Base

Entrance Lighting Switch (check on arrival)

Auto ON

Lights turn on automatically when you enter. No action needed.

Just leave it alone.

If light is off

Press the round Hue button (left) once.

Each press toggles on/off.

To turn off

Press the round Hue button (left) once.

Please turn off before leaving.

Do NOT touch

Never touch the switch labeled 'Always ON' (right side).

Cutting power disables the Hue system.

Room Lighting Switch (for brightness adjustment)

Top button (toggle)

Power on/off. Each press toggles.

Middle button (large sun)

Brighter. Hold to gradually increase.

Bottom button (small sun)

Dimmer. Hold to gradually decrease.

Always ON switch (white)

Do NOT touch. Cutting power disables Hue.

During shoots: only use this switch for brightness. Use the Hue remote (round button) for color and ambiance.
